Russia's war on Ukraine: one year on

Russia's war on Ukraine: one year on

After Moscow began its invasion of Ukraine in February, it intended to overthrow the government in Kyiv quickly, but Russia's forces are now engaged in a longer war than they anticipated.

As the war approaches its first anniversary, IISS analysts offer thoughts on emerging considerations for defence professionals.

Warum kleine russische Trupps an ganzer Front angreifen

Seit zwei Wochen hat Russland seine Angriffe in der Ukraine spürbar intensiviert. ObstdG Dr. Reisner, PhD vom Österreichischen Bundesheer erklärt, welche Strategie dahintersteckt. Alles hänge nun von der westlichen Unterstützung ab. Sollte diese abreißen, könne Moskau in kurzer Zeit die halbe Ukraine erobern.
