Hamas drones helped catch Israel off guard, experts say

The use of commercial drones in the Hamas terror group's Oct. 7 attack on Israel is the latest example of how relatively low-tech warfare can catch sophisticated armies flat-footed.

Platoons to get counter-drone gear in two US Army divisions

The intent is to go down to the platoon level with handheld capability and electronic warfare capability. This anti-drone gun trucks are also set for delivery to Ukraine soon.

Germany hands over Sonobot 5 surface drones to Ukraine

Sonobot 5 is mainly used for three-dimensional mapping. The device can be used during search operations to identify objects that pose a threat to the safety of people and infrastructure.
